Fact Sheet

Product: Retinolic Serum XX 1 oz (34 ML)

Characteristic(s): Yellow Liquid Gel

Paraben Free, Medical Grade, No Animal Testing, Non-Comedogenic,
Made in USA

Skin Type: All Skin Conditions

Product Number: RS035

Product Story: **RETINOLIC XX SERUM** is an extra strength AHA form of complexed Retinol (Vitamin A) together with Glycolic Acid to create an energized and synergized complex. This complex takes advantage of the physical and chemical forces that bind Glycolic Acid to Retinol (Vitamin A). Therefore, the complex synergy will give you much better results than each ingredient used alone. The **RETINOLIC XX SERUM** coaxes the skin to reselect its epidermal building blocks and therefore, the wrinkles that sustain adult keratins will slowly give way to the smoother, more elastic and wrinkle resistant fetal-type keratins. Retinol is a skin renewing vitamin which is essential for tissue growth. Glycolic Acid Polymer is more natural to the skin, and helps to strengthen collagen and elastin.

FOCUS INGREDIENTS:

- Retinol/Glycolic Acid Polymer Complex: renewing exfoliating
- D-beta-fructan: moisture retention
- D-beta-glycosamine: strengthening
- Aminoguanidine: anti-cross linking of collagen

Other Ingredients: (Aqua) Distilled Water, Hamamelis (Hamamelis Virginiana) Extract, Retinol/Glycolic Acid Polymer Complex, D-beta-fructan, D-beta-glucosamine, Aminoguanidine, Ethyl Alcohol, Xanthan Gum

The Do's: Use only at night on clean skin.

The Don'ts: For external use only. Avoid contact with eyes. Keep out of reach of children. Test for sensitivity, discontinue or reduce usage if irritating to skin.

SUNBURN ALERT: This product contains an alpha hydroxy acid (AHA) that may increase your skin's sensitivity to the sun and particularly the possibility of sunburn. Use a sunscreen and limit sun exposure while using this product and for a week afterward

Suggested Products: For sun protection and moisturizer during the day, use our Moisturizing Sunscreen SPF 30 or our Sunblock Gel SPF 30.
